

# NCEA Information For Students and Caregivers 2016

# **NCEA Assessment Information Booklet 2016**

This booklet is designed to provide you with information to help you succeed in the national qualifications.

Take time to read this information, as knowledge of the requirements could prevent many problems from developing later in the year. Students, parents and caregivers are welcome to contact any of the Deputy Principals or Mrs Vicky Wallis in the careers centre to discuss any matter raised by this information throughout the year.

**The National Certificate of Educational Achievement (NCEA)** is New Zealand's national school leaver qualification. It is a qualification on New Zealand's National Qualifications Framework (NQF) that sits alongside more than 900 other national qualifications used throughout tertiary education and industry training.

#### The aim of this booklet is to provide an overview of how NCEA works here at OTHC

Abbreviations used throughout this booklet include:

NZQA New Zealand Qualifications Authority

**UE** University Entrance

NQF National Qualifications Framework

FAO Further Assessment Opportunity (Re-assessment)

#### How will I be assessed?

The skills and knowledge you gain when you study subject areas like English, Science and Maths are made up of component "standards". Qualifications are gained by building up credits, awarded for each standard you achieve. The standards offered in each course (or subject) are listed in your course outlines.

Under NCEA students can be assessed through both externally assessed standards and internally assessed standards. For further information go to:

http://www.nzga.govt.nz/qualifications-standards/qualifications/ncea/understanding-ncea

#### **How many credits are needed to earn NCEA?**

To gain NCEA Level 1: Achieve 80 credits at any level (Level 1, 2 or 3).

This must include a minimum of 10 credits in literacy and 10 in numeracy.

<u>To gain NCEA Level 2:</u> Achieve a minimum of 60 credits at Level 2 or above; and 20 credits at any level including Level 1 literacy and numeracy credits.

<u>To gain NCEA Level 3:</u> Achieve a minimum of 60 credits at Level 3 or above; and 20 credits at Level 2 or above including Level 1 literacy and numeracy credits.

For further information on NCEA levels go to:

# **General Assessment Procedures**

#### **Internal Assessment Work**

Students complete assessments which are marked by their teachers. Each school's marking standards are moderated by the New Zealand Qualifications Authority to ensure students around the country are being assessed to a similar standard.

#### **Missed and Late Assessments**

If extensions are required for NCEA internal assessments, they need to be applied for at least seven days before the due date. Be aware that extensions are not automatically granted. You know in advance what your other commitments are and it is your responsibility to get assessments in. Students should also be aware that it is not always possible to offer internal assessments of a practical nature at other times as these involve considerable planning, resources and preparation time.

# Absences due to Illness, Bereavement or Trauma:

- 1. When a student has missed an assessment or deadline due to illness a medical certificate signed by a New Zealand registered medical practitioner must be brought to the relevant course teacher(s). The TIC will determine the appropriate action to be taken in consultation with Deputy Principal/Principal's Nominee, Ms Emma Beale.
- 2. If another assessment opportunity is offered for the standard, the student will use that opportunity.

- 3. If appropriate, recorded standard-specific evidence from other comparable authentic work is to be used to demonstrate achievement of the Standard.
- 4. If a student is absent for a significant period of time prior to an internal assessment as a result of the reasons above then the student may apply for an extension if appropriate. This application must be made at least 7 days before the day of the assessment taking place.
- 5. In the case of bereavement or other trauma a letter is to be taken to the Deputy Principal Ms Emma Beale outlining the nature of the trauma.
- 6. If no adequate opportunity is possible the entry will be withdrawn.

# **Absences for Approved Activities**

- For absences due to official representative commitments sanctioned by the school, recorded standard-specific evidence from other comparable authentic work will be used to demonstrate achievement of the Standard where possible.
- For any school trip that necessitates a student missing a period from another course the student must gain permission for their absence from that class on the permission slip provided. Students should anticipate assessment clashes and notify the course teachers concerned immediately.
- The Deputy Principal will adjudicate in the case of disputes.

#### **Absences for other reasons**

When a student is absent from an assessment for any other reason, special leave can only be given by the Principal. In cases of absence for self-interest leave (e.g. holiday) students will either:

- Complete internal assessments due during the leave period prior to the leave date if possible
- Use other authentic evidence where applicable at the discretion of the Deputy Principal/Principal's Nominee.
- Undertake a late or another assessment at the appropriate time if it is offered for the standard
- Have Not Achieved reported to NZQA.

# **All other Absences**

An absence not covered by a medical certificate or by special leave permission is 'non legitimate' and will result in Not Achieved reported to NZQA for that assessment.

#### **Late Submission of Assessment Work**

Students will submit work on the due date to be considered for the awarding of internally assessed Achievement Standards. This includes meeting checkpoint deadlines during an assessment over a period of time.

- 1. If students choose to complete work electronically it is important that they plan their assessment time-line to allow for the possibility of computer problems. These could include computer/disk/printer problems and <u>students must understand that these are their responsibility and may not be considered legitimate grounds for reconsideration.</u>
- 2. If computer problems do occur, in the first instance the teacher must be contacted immediately. If the teacher is not available, the Curriculum Leader must be contacted immediately. It may be possible by arrangement with the TIC to hand in Electronic Files at the due time. It is necessary to bring supporting material (e.g. a draft or working notes) in case the files are non-recoverable. A letter from the Parent/Caregiver giving detailed verification of the computer problem experienced and a daytime contact phone number must accompany the electronic files.
- 3. The Deputy Principal will adjudicate and decide whether an extension or other assessment opportunity will be provided.

Note: Externally assessed portfolio work (Technology, Graphics and Visual Arts) must be handed in on the set date – no extensions are granted under any circumstances.

#### **Student Procedures:**

- 1. Students should keep and update Assessment Outlines for each subject and record key dates in their student diary.
- 2. Students should manage available time to complete assessments in all subjects. OTHC will provide support and guidance to help all students plan their time effectively.
- 3. Students should where applicable meet checkpoint deadlines or milestone deadlines during the preparation of an assessment activity.
- 4. Failure to submit assessment work by the due date without approval will result in Not Achieved reported to NZQA.

#### **Extensions**

Students may apply in writing to the teacher for an extension in limited circumstances. If a student has been prevented from working towards an internally assessed standard for valid reasons such as illness or a family bereavement an extension may be applied for:

- Students must discuss the issue with their class teacher at the earliest opportunity
- Students will be granted an extension where the reasons are deemed valid

• Where an extension involves checkpoints during the preparation period, an extension is highly unlikely to be granted if prior checkpoint deadlines for the task have not been met.

# **Further Assessment Opportunities (FAO)**

**A maximum of one** further opportunity for assessment of a standard may be provided within a year. A maximum of one further opportunity for assessment means none or one. It does not mean one **must** be offered.

Further assessment opportunities, if offered, are available to all students. Students can decline a second opportunity. It will occur after further learning has taken place and the higher of your two grades for that standard with be awarded.

# **Resubmission**

It is possible to get **one opportunity** for resubmission of work against a certain standard. A resubmission will be limited to specific aspects of the assessment. Re-submission does not need to be provided. You should be advised of this at the start of the year by your course teacher and/or in assessment details. If a resubmission is offered, it must take place before the teacher gives any feedback to the whole class (or any student) on the work done. If more teaching has occurred after the first assessment opportunity, resubmission is not possible.

#### **Assessment Methods**

The National Qualifications Framework has a variety of standards that assess a wide range of skills and knowledge, this leads to a variety of assessment conditions to reflect the skills or knowledge being assessed. At OTHC assessments may:

- involve practical work
- involve presentations, speaking to groups
- involve individual written components
- involve group work
- involve research, reading or viewing of materials
- involve portfolios of material accumulated over the year

Each assessment task will clearly outline the assessment conditions that the student will be expected to adhere to for the task. Some assessments take place over a longer period of time and there are a number of opportunities to reach the standard. You may do a portfolio of work and select the best pieces of work for submission towards the end of the course. The teachers give you feedback and you have the opportunity to improve your performance before the final submission date. This is different from a formal resubmission opportunity. It is part of the normal teaching and learning process. In some cases additional evidence for an assessment may be gathered from recorded standard-specific evidence from other comparable authentic work to demonstrate achievement.

# **Authenticity and Breaches of Assessment Rules**

- 1. All work submitted for assessment must be genuinely the student's own work.
- 2. Authenticity requirements may include a combination of:
- Submission of draft notes/research notes/sketches etc.
- Supervision/monitoring/check pointing of in-class work towards an assessment
- Completion of assessment work in class
- Completion of assessment under test conditions
- Staff/student conferences to establish a student's understanding of content and process relating to an assessment activity
- Acknowledgement of all sources used in a bibliography
- Teacher knowledge of individual student strengths and weaknesses
- 3. All NCEA students must sign and return an OTHC NCEA Authenticity Declaration

Submitting information or material without acknowledgement is <u>plagiarism</u>, a serious form of cheating, and will result in:

Not Achieved reported to NZQA for the assessment

# **Breaches of Assessment Protocols**

Allegations will be investigated under the leadership of the Deputy Principal. Documentation will be retained by the Deputy Principal. The final decision will be made by the Deputy Principal based on all the evidence / submissions provided.

#### **Special Assessment Conditions**

- 1. Students with a permanent or long term disability or a professionally identified learning difficulty need special conditions to allow them to do their best in assessments including examinations.
- 2. If students require, special conditions notification from parents or previous school is needed along with the appropriate documentation supplied to support such an application. This documentation should be provided in Year 10 for appropriate interventions to be made and to allow time for the application process to NZQA. Please make contact the school's Special Educational Needs Coordinator (SENCO), Mrs Elaine Boucher.
- 3. Students approved for special assessment conditions for externally assessed achievement standards must have had the same kind of assistance in all of their school assessments throughout the year.
- 4. Reader/writers are to abide by school and NZQA rules.
- 5. Special assessment conditions commonly approved for internal/external assessment include:
- Extra Time allowance
- Modifications to Examination Question and Answer booklet format.
- Use of computers and other equipment
- Examination assistance by reader/writer/reader-writer
- Special assessment conditions for the hearing impaired
- Separate accommodation.
- 6. Rules and procedures for Special Assessment Conditions are published at

http://www.nzga.govt.nz

# **Appeals**

Any student has the right to appeal any assessment decision within five school days of the return of the assessment. These include, but are not limited to their awarded grade/mark, an allegation that they have breached the rules or a decision affecting their access to assessment. In the first instance the student should try to resolve the issue directly with the TIC (teacher in charge of the course). If this does not produce a satisfactory outcome for the student they should lodge a formal appeal to the Principal's Nominee / Deputy Principal, Ms Emma Beale. If a student is absent at the time that the assessment is checked, it is the student's responsibility to make an appointment to check the results of their assessment. Detailed assessment schedules will be available to the student for all summative assessments.

# **Appeal process:**

- If a student intends to appeal an assessment decision he/she should make a photocopy of the assessed assignment. The course teacher should keep the original student assignment after student checking has taken place.
- Submit a completed Appeal Form to the Deputy Principal, Miss Jayne Furlong. Forms are available directly from Ms Emma Beale.
- The Deputy Principal will investigate the issue. The investigation could involve the school receiving input from a subject specialist outside the school.
- The decision of the Deputy Principal is final and they will communicate the outcome to the student in writing.

# **Documentation and Recording of Results**

Students are required to verify the sighting and acceptance of the grade awarded by signing the result print out provided by the TIC or the result slip attached to each piece of internally assessed work. Students will also be required to verify the final grades awarded that are submitted to NZQA later in the year. Students will maintain their own records of results on in their own pathways planners. Students can also check their NCEA results online as explained below and should inform their form tutor, in the first instance, if there are omissions or errors.

#### **Privacy of Student Information (refer to Privacy Act 1993)**

In keeping with the School's policy on confidentiality of student information, student confidentiality will be respected throughout all assessment procedures. Students will see only their own details, work and results, unless they have the express permission of the other student concerned.

# **Accessing Record of Learning**

Students may access their Record of Learning through the NZQA website

- 1. Students can access www.nzqa.govt.nz
- 2. Click on "Login Student and Learners etc"
- 3. Students enter their National Student Index Number and six-digit PIN. Students new to the National Qualifications Framework can create their PINs in mid-May once the first data file has been sent to NZQA.

NB parents and students can also view NCEA assessment results via the KAMAR Parent Portal.
