Tips

- Keeping to a routine is important. Use a timer on your laptop to signal when your breaks start and stop <https://vclock.com/>
- If you get stuck with work set or can't find something, do not panic, email your teacher or the subject contact and then move on to another topic/subject. You can always come back to the work at another time.
- If you are feeling anxious or worried, talk to an adult at home or over the phone. The school counsellors are available for online counselling. Please see the Student Services tab of the [Year 9 Digital Notebook](#) for details.
