

Greetings from One Tree Hill College

International Student Information

This booklet gives additional information to the school prospectus.

Entry Requirements and Courses

There is no specific English Language requirement to enter One Tree Hill College. Your English will be assessed on arrival. If it is not strong you will have to spend some time in the ELF (English Language Foundation) Unit or studying in one or more ELL (English Language Learning) classes. If you do ELF or ELL you can expect to take longer to qualify for entry to university or an institute of technology.

Courses can only be confirmed after you have arrived in New Zealand and been assessed. There will be some choice of subjects, but the school will give advice on what subjects and levels are most appropriate during orientation. We must also receive copies of your most recent school reports and examination results to do this effectively. If you start late in the year some subjects may be full and you may not be able to join. You will be advised of closed subjects when you apply.

We will accept students aged from 13 years.

Support and Welfare

It will take a while for you to understand how our school operates but do not worry. There are many people available to help you including the **International Department Staff**:

Mrs Jenny McMurray
Ms Lily Li

Dean of International Students
Learning Support Teacher – fluent in Mandarin, Japanese and English

There are also other people available to help with individual subjects. You will be given details at school. Help may be available in some languages other than English.

For any health problems there are school nurses and physiotherapists on site, a doctor who visits every week and several counsellors who are available to help you.

The Careers Department can give advice about study in New Zealand after One Tree Hill College.

Arriving in New Zealand

When purchasing your ticket to travel please ensure it is transferrable and refundable so that you are covered for any travel interruptions.

Please check to see what goods you can bring to NZ. Most food and plant items are not allowed into New Zealand and will be confiscated at the airport.

What happens when you arrive at the airport?

You will be met and taken to your host family. You will be given information about public transport, bank accounts, purchasing your school uniform, setting up your NZ mobile phone and anything else you need.

Please let us know if your family is coming with you and if we need to make any arrangements for them.

Our lifestyle and food will be quite different for you. This can be difficult at first. However, everyone is friendly and will do all they can to help you feel comfortable. Your host family will help you get to school on the first day. The school day starts at 8.40am.

What happens when you arrive at school?

You will meet the staff of the International Office and any other new international students. There will be an orientation programme to help you settle in and to learn all about life in Auckland and at One Tree Hill College.

Your subjects and timetable

In New Zealand secondary schools, you have some choice of the subjects you study. There is information about these in the prospectus and on the One Tree Hill College website in the [Junior Course Handbook 2025](#) and [Senior Course Handbook 2025](#).

Your ability in English, Mathematics and some other subjects will be assessed. English levels will determine entry into some subjects. Remember you are starting to learn all your subjects in another language. There are English Language Learning classes at all levels. We reserve the right to enter you into the most appropriate course for you. This placement will be based on our professional experience and expertise.

Starting during the year

If you arrive during the year it may be too late to enter for formal qualifications for the year. It is possible to still move to the next level of study the following year by working well and getting good results, but this cannot be guaranteed. Some classes may be full if you start late in the year.

For detailed information on New Zealand qualifications see www.nzqa.govt.nz

School Uniform and textbooks

All students wear uniform unless they are 19 on 1 February of the year they start. You will get help to buy your uniform from, **The Uniform Shoppe, Millenium Centre, 600- 604 Great South Road, Ellerslie, Phase 3, Unit B.**

Your subject teachers will lend you textbooks. You must return these books at the end of the year. Your workbooks and stationery for individual subjects must be ordered online and paid for as required. We will assist you with this.

Attending School

You are expected to be at school throughout the day, each day that the school is open. Caregivers will be advised of all absences. If you are absent with no explanation, your caregiver will be sent a letter asking why you are away. The Homestay Co-Ordinator or the International Dean will also contact your caregiver. Your agent or parents will be informed. If you are not fulfilling the attendance conditions of study at One Tree Hill College, the Investigation Policy will be invoked.

Health and Medical Insurance

Most International students are not entitled to publicly funded health services while in New Zealand. If you receive medical treatment during your visit, you may be liable for the full costs of that treatment. Full details on entitlements to publicly-funded health services are available through the Ministry of Health and can be viewed on their website www.health.govt.nz

Accident Insurance: The Accident Compensation Corporation provides accident insurance for all New Zealand citizens, residents and temporary visitors to New Zealand, but you may still be liable for all other medical and related costs. Further information can be viewed on the ACC website www.acc.co.nz

The New Zealand Qualifications Authority (NZQA) requires that International Students have a comprehensive insurance policy while studying in New Zealand. This must be medical and travel insurance and you should insure valuable personal belongings against loss and theft.

Very few overseas policies meet the requirements of the NZQA and we strongly recommend that you choose a policy with a NZ insurance company. One Tree Hill College uses Southern Cross Travel Insurance. However, we could supply information for alternative companies on request. One Tree Hill College gets commission from Southern Cross. This funds a student welfare fund and all the money is used for the well-being of the International Students.

If you choose your own insurance company, we must see the policy before you pay the premiums. You should not pay until we tell you that the policy is acceptable. If we believe you are about to travel to New Zealand with inadequate insurance, we will insure you with our default provider Southern Cross at your expense. This is for your own protection.

Driving and Car Ownership

International Students are not permitted to own or drive any motor vehicle - including cars, motorbikes or scooters while enrolled at One Tree Hill College.

Work

Students studying in Years 12 and 13 can now work up to a maximum of 20 hours per week in term time and full-time during the summer holiday. Students wanting to work will need written permission from their parents and the school. They also need to apply to Immigration NZ to get a variation to work on their student visa. This costs \$210.00. See www.immigration.govt.nz/new-zealand-visas/options/study

Travel

Students may not leave their accommodation in Auckland without prior permission from the Homestay Co-Ordinator and from their parents/legal guardians. All documentation must be completed and returned to the International Office **at least two weeks** prior to any proposed travel.

Reports

You will receive 3 reports each year. Progress reports in May and August, and End of Year Reports in October (Seniors) and December (Juniors). In addition, Weekly Engagement Reports are emailed to all caregivers every Friday. Further reports will be sent to your parents if we are concerned about your work habits, achievement or attendance. **Your attendance details are recorded on your school reports.** Enrolment at New Zealand Universities and Technical Institutes now require reports on your attitude to study, academics and attendance. And **New Zealand Immigration will check your attendance and academic progress when you re-apply for your student visas here in New Zealand.** Good reports are essential!

Information on New Zealand Qualifications

National Certificate of Educational Achievement - NCEA

NCEA Level 1

Is the Year 11 qualification. Each student must earn 60 credits to be awarded the NCEA Level 1. These credits come from either external examinations or internal assessment*. There are achieved, merit and excellence grades. In the case of International Students starting part way through the year, when it is too late to gain 60 credits, moving up to the next level will be based on the teachers' assessments of each student.

* Internal Assessment means that marks are earned throughout the year through tests, assignments and classroom work. The work is assessed by the classroom teacher and checked by external moderators.

NCEA Level 2

Is the Year 12 qualification requiring 60 credits. There are internal assessments in this course, so students really need to start the class as soon as possible in the year. A new student from overseas can still gain entry to Year 13 without Level 2 NCEA if they can show the teachers that they can work at this level. Students can enter some technical institute courses if they are successful in achieving this qualification.

NCEA Level 3

Is the Year 13 qualification requiring 60 credits and it is designed to give students entry to tertiary study. There are internally assessed credits in some subjects, but Level 3 is largely external end-of-year examinations. International Students must have excellent English and advanced subject skills to gain entry to Year 13. It is seldom possible for students to start learning a new subject in Year 13. Students who start late in the year cannot complete this qualification.

There is now a 20-credit co-requisite for Numeracy and Literacy at all levels. 10 credits in Numeracy, and 10 in Literacy (5 in Reading and 5 in Writing). These are assessed externally at set dates throughout the year.

For detailed information about NCEA go to: www.nzqa.govt.nz/studying-in-new-zealand

Choosing a Career

One Tree Hill College has a Careers Centre with information on all the different tertiary institutions both public and private in New Zealand. International Directors from the Technical Institutes and Universities in Auckland visit One Tree Hill College to talk to our International Students about courses and entry requirements.

Note: *There are opportunities for some tertiary graduates to apply for a 6-month open work visa, and then for a 2-year work visa.*

Higher Learning Opportunities in New Zealand

Technical Institutes

The Technical Institutes are highly regarded and take a more practical approach to some subjects. They are recommended for training in careers such as art, design, computer work, nursing, horticulture, languages, tourism and hairdressing. There are many more courses including business and management courses. Students generally have no problem gaining employment with a technical institute degree. Many courses have English language requirements. If a student does not reach the English language requirement for a course, they will have to attend an English Language or Foundation course first.

Universities

Universities differ from technical institutes in that they are involved in research. Medicine, architecture, commerce, law, arts, fine arts and music are some of the courses offered at a University. Students need a NCEA Level 3 pass and University Entrance to enrol at a NZ university. They also need to meet an English standard, currently 10 Level 2 English credits, (5 reading, 5 writing). These can be gained at One Tree Hill College. Some students choose to do a conjoint degree at University where they study two areas at the same time, e.g. law and commerce.

English language Requirements for University and Technical Institutes

These will vary but generally a student will need 10 Level 2 English credits.

What can you do if you have a problem while you are studying in New Zealand?

If you have a problem, there are many people who can help you.

If you have a problem with your accommodation you must talk to the Homestay Coordinator first.

If you have a problem with a class, a subject or an assessment grade, talk to your whanau teacher or subject teacher first, then your whanau leader or the Dean of International Students.

If you have a health problem, you can see the school nurse. There is also a doctor who visits weekly.

If you have a personal problem, there is a school guidance counsellor with whom you can make an appointment.

You can see the International Student Office staff about any problem, at any time.

Please let us know if you need to speak to someone who speaks your language.

You can bring a support person with you if you want to discuss a problem with someone at school. Some of the International students who have been at the school for a few years can go with you to talk to staff if you would like them to help you.

**We need to know as soon as a problem arises. Small problems are easy to solve.
If left unresolved they can soon escalate into big problems.**

What to do if you have a complaint

If you are not happy with the way a problem is dealt with by the International Dean you can see one of the Deputy Principals or the Principal of the school. You must try to resolve your problem within school first.

If you are still not happy with the way your grievance has been dealt with you can contact NZQA.

NZQA is a government organisation. They can provide an independent assessment of your complaint and will either investigate your concerns or advise you what to do next.

You can submit your complaint query on the NZQA website or send an email to risk@nzqa.govt.nz

Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021

When students from other countries come to study in New Zealand it is important that those students are well informed, safe and cared for properly. New Zealand educational providers have an important responsibility for international students' welfare as laid down in the Code. One Tree Hill College is a signatory to this code.

You can request a copy of the Code from your New Zealand education provider. The Code is also available online from www.nzqa.govt.nz Translations of the code summary are also on this website.

If you have concerns about your treatment by your education provider or by an agent of the provider, the first thing you must do is contact the International Student Dean, the Principal, or another person who has been identified to you as someone that you can approach about complaints at your institution. The Code requires all institutions to have fair and equitable internal grievance procedures for students and you need to go through these internal processes before you can take the complaint any further.

If your concerns are not resolved by the internal grievance procedures, you can contact NZQA or iStudents Complaints as described above.

The notice period will begin the day after the School receives written notice of the Student's intention to withdraw from enrolment and the student may continue to attend school during the notice period. The notice period does not include weeks that fall during scheduled school holidays. In the event that less than 10 weeks' notice is given, refunds may be calculated based on the refund that would have been due if the termination had taken place 10 weeks after notice was given.

Request for a refund where the School fails to provide a course, ceases as a signatory, or ceases to be a provider:

10. If the School fails to provide the agreed course of education or is no longer a signatory to the Code or no longer operates as an international education provider, the School will negotiate with the Student or their family to either:
- a) Refund the unused portion of international student tuition fees or other fees paid for services not delivered, or
 - b) Transfer the amount of any eligible refund to another provider, or
 - c) Make other arrangements agreed to by the Student or their family and the School.
11. For the avoidance of doubt, this clause does not apply where the format of the education provided by the School changes (for example delivery by remote learning), but where the School continues to offer education for international students.

Other circumstances where a refund request may be considered:

Where a student's enrolment is ended by the School

12. In the event the Student's enrolment is ended by the School for a breach of the contract of enrolment or as a consequence of a Welfare Issue, then the School will consider a request for a refund less:
- a) Any non-refundable fees set out in this policy
 - b) A minimum of ten weeks tuition fees from the date of termination; and
 - c) Any other reasonable costs that the School has incurred in ending the Student's enrolment

Where a Student changes to a domestic student during the period of enrolment

13. If the Student changes to a domestic student after enrolment has commenced, this contract will be treated as being terminated on the date that the School is advised of this change of status. The student will be treated as having voluntarily terminated the Agreement on this date and any refund will be calculated accordingly. The Student will be treated as having given no prior notice for the purposes of clause 9 of this policy, unless the Student has previously advised the School in writing of the Student's intention to apply to Immigration New Zealand for a visa that will result in a change of status. In the event that notice of an intended change in status is given, the period after this notice is given will be counted as part of the notice period for the purpose of clause 9.

Where a student voluntarily requests to transfer to another signatory

14. If the Student requests to transfer to another signatory after the commencement of their enrolment, a minimum of 10 tuition weeks of prior notice is required. This notice period does not include weeks that fall during scheduled school holidays. The notice period will begin the day after the School receives written notice that the Student requests to transfer to another signatory. Where less than 10 weeks' notice is given, any refund may be calculated based on the refund that would have been due if the termination had taken place 10 weeks after notice was given.

Refund of other fees

Requests for a refund of Homestay fees

15. If for any reason, the Student withdraws after their stay in a School Homestay, any unused Homestay fees will be refunded, less any relevant non-refundable fees set out in this policy.
16. Where the Student moves from a School Homestay and requests a refund of any unused homestay fees, these will be refunded less any non-refundable fees set out in this policy.

Request for a refund of fees unused at the end of enrolment

17. Except by written request from a Student or their Parent, prepaid fees unused at the end of enrolment amounting to less than NZD\$200.00 will be refunded to the Student in cash. Sums greater than NZD\$200.00 will be refunded into the bank account nominated by the Parent.

Outstanding activity fees or other fees

18. Any activity or other fees incurred by the Student during enrolment and owed to the School at the time of withdrawal, will be deducted from any eligible refund.

Refund to be made to the country of receipt

19. Unless otherwise agreed in writing, all eligible refunds of fees of NZD\$1,000.00 or more received from outside of New Zealand will be refunded to a nominated bank account in the source country.

Rights of families after a decision regarding a refund has been made

20. A decision by the School relating to a request for a refund of fees will be provided to the Student or Parent in writing and will set out the following information:
- a) Factors considered when making the refund decision;
 - b) The total amount to be refunded; and
 - c) Details of non-refundable fees
21. In the event the Student or the Parent is dissatisfied with a refund decision made by the School or is dissatisfied with the process the School followed when making the refund decision, they have the right to have the refund decision reviewed by the Study Complaints, Disputes Resolution Scheme.
